Shoreline Trails reopening

THE COLONY, Texas — The Parks and Recreation Department is re-opening the Shoreline Trails following closures associated with heavy rains late last year.

However, there are still some sections that have damage and users are cautioned to be aware of potential hazards as they experience the trails. Trail access to the restaurants on Main Street (Angelina's and Stan's) is still closed as it is not safe at this time.

For more information, contact the Parks and Recreation Department at 972-625-1106.
